The screenshot shows the Kaggle interface with a modal for joining a competition. The modal is titled "COMPETITION-SPECIFIC RULES" and contains the following text:

One Team per participant You cannot sign up to Kaggle from multiple accounts and therefore you cannot submit from multiple accounts.

No private sharing outside teams Privately sharing code or data outside of teams is not permitted. It's okay to share code if made available to all participants on the forums.

Submission Limits You are allowed to submit a maximum of 5 entries per day.

You may select up to 3 final submissions for judging.

Competition Timeline Start Date: 2026/09/24 15:30 PM GMT+8
End Date: 2026/10/24 11:59 PM GMT+8

Below the rules, there are two sections for terms and conditions:

COMPETITION TERMS AND CONDITIONS

☒ I agree to the Competition-specific rules above and Kaggle's Foundational Competition Rules. The Kaggle Competition Foundational Rules supersede the Competition-specific rules in the event of any conflict.

☐ I understand joining this Competition creates a direct relationship between the Host and me. Kaggle has no liability for any promised prizes, commitments, content, or actions of a Host or Participant.

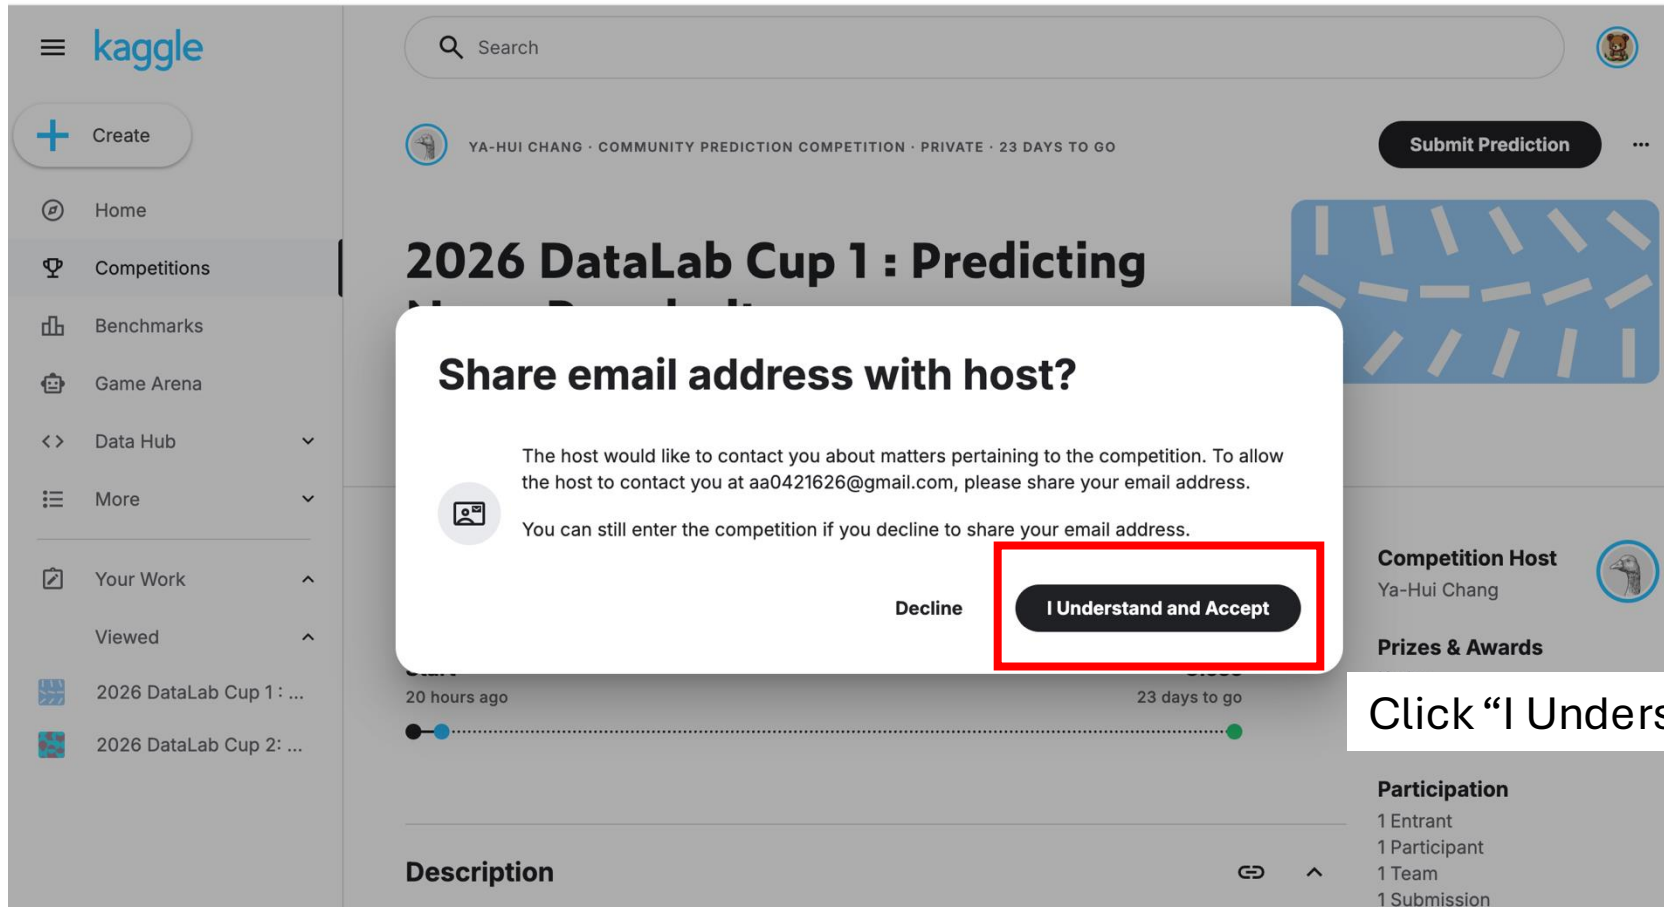

At the bottom of the modal, there are two buttons: "Decline" and "I Understand and Accept". The "I Understand and Accept" button is highlighted with a red border.

On the right side of the modal, there is a "Join Competition" button and a "Competition Host" section with the name "Ya-Hui Chang". Below that is a "Prizes & Awards" section and a "Participation" section with the following details:

- 1 Entrant
- 1 Participant
- 1 Team
- 1 Submission

The screenshot shows the Kaggle interface for a competition. On the left is a sidebar with navigation links: Home, Competitions (selected), Benchmarks, Game Arena, Data Hub, More, Your Work, and Viewed. The main header includes the Kaggle logo, a search bar, and a 'Submit Prediction' button. The competition title '2026 DataLab Cup 1: Predicting News Popularity' is displayed, along with tabs for Overview, Data (selected), Discussion, Leaderboard, Rules, Team, and Submissions. The 'Data' tab shows a table of dataset files: 'sample_submission.csv' (118.48 kB), 'test.csv', and 'train.csv'. The 'sample_submission.csv' file is expanded, showing a preview of the data. The preview table has two columns: 'Id' and 'Popularity'. The 'Id' column contains values from 27668 to 27675, and the 'Popularity' column contains values from 0.3 to 1.0. A 'Download All' button is highlighted with a red box in the bottom right corner of the interface.

Upload file and then click “submit”

The screenshot shows the Kaggle 'Submit to Competition' modal for the '2026 DataLab Cup 1 : Predicting News Popularity' competition. The modal has three tabs: 'File Upload' (selected), 'MCP', and 'Notebook'. Under 'File Upload', a file named 'sample_submission.csv' (115 KiB) is listed. Below this, instructions state: 'Your submission should be a CSV or Parquet file with 11847 rows and a header. You can upload a zip/gz/7z/tar archive.' There is a text area for 'SUBMISSION DESCRIPTION' with the placeholder 'Enter a description' and a character count '0 / 500'. At the bottom, there is a section for 'SUBMIT USING THE KAGGLE CLI' with a terminal command: `> kaggle competitions submit -c 2026-data-lab-cup-1-predicting-ne...`. The modal is overlaid on a blurred background of the competition page, which includes a sidebar with navigation links like 'Home', 'Competitions', 'Benchmarks', 'Game Arena', 'Data Hub', and 'More'. The main content area of the background shows the competition title, tabs for 'Overview', 'Data', and 'Discussion', and sections for 'Dataset Description' and 'File descriptions'.
